Subject: FW: HD Video Shoot Estimate

Denise,

As I mentioned on the phone, we are planning to produce a new television image spot, which we plan to debut during the 2010 Super Bowl.

We have developed a creative strategy and have come to the conclusion that we need the services of one particular firm - Bob Egle Productions - to make it work. We would like to request that firm be considered as a sole source for this project.

Bob Egle has been a creative resource for us since 1999, and we continue to be very satisfied with his services. Because the consistency and quality of our TV spots is important, we think he is the best resource for the project.

In addition, the project we have planned this year involves a complex editing process, and his knowledge and expertise in that area is simply not available to us with our other video production resources. Also, his familiarity with our previous footage and spots makes him more efficient at pulling from those resources when needed.

I have attached Bob's estimate and would appreciate if you could review it at your earliest convenience.

Thanks!

Lori
